

EXECUTIVE LEADERSHIP OFFSITE STRATEGY, DEVELOPMENT & CULTURE

How effective was your last executive leadership offsite?

An offsite is a unique opportunity to bring together your team to realign and reinvigorate your purpose and reevaluate challenges and opportunities — if you use your time productively.

The experts at Velocity Advisory Group have decades of experience facilitating and supporting offsites with programs to help bring leadership teams together, strategize around challenges, and develop plans of attack for meeting their goals.

Whether your leadership team meets quarterly or annually, we have half- and full-day programs around:

- ▶ Leadership Alignment
- ▶ Executive Team Development
- ▶ Engagement & Culture
- ▶ The True Competitive Advantage
- ▶ Strategic Planning
- ... and more!

"Velocity's Value Proposition session refocused our efforts on what truly provides value to our customer. Dave and his team helped us to see our company from our customer's perspective and develop new strategies tailored to them. This session helped create clarity around our identity as a work team. Thanks to Velocity Advisory Group, our team can now rally around a collective vision. Our team was so engaged that we extended it to a second day!" -VP, Aflac

Example Agenda

Team Assessment & Debrief

We start with reviewing your team assessment data. We'll use this for the Teaming Agreement later in the day.

The True Competitive Advantage

Half-day interactive session leveraging our proprietary Birds framework (DISC) developed by Velocity President Dan Silvert. This unique and engaging workshop gives teams a new way to understand and communicate more effectively with each other.

Lunch

The Inside Scoop

"The step-by-step guide to working with me," this engaging activity will enable your team to better understand how to work effectively based upon the preferences that each team member brings to the table.

Teaming Agreement

What are the ground rules that enable your Executive Leadership Team to resolve complex issues, manage conflict, and collaborate towards shared objectives? In this Workshop, Velocity guides your team through a series of exercises that reveal and clarify the core ground rules that define your Teaming Agreement.

Strengths Sharing

How often do we focus on the shortcomings of others or where they don't perform the best? This is a dynamic activity that will uncover the hidden potential in your leaders through the ability to share what they admire about each other.
